Weather Tips

Listen to local news or your NOAA Weather Radio for any information and instructions.

If you are away from home, do not return home until authorities have given you the ok to do so.

While inspecting your home for damage, be sure to wear long pants, long sleeved shirt and sturdy shoes.

Make sure to watch out for downed power lines. Do not cross them! Instead report this to the utility company or authorities immediately.

If you smell gas or hear a hissing noise, get everyone out of the building quickly and call the gas company or fire department immediately. Do not call from inside the building.

Use the telephone only for emergency calls. This will allow the phone lines to stay clear for emergency use.

Keep your animals under your direct control.
